Meeting on Feb 1, 14:00

Participants: Berkay, Enes, Said, Eren

Location: Bilkent Library

Agenda

- Creating a shared Google doc for meeting agenda: DONE :)
- Choice of project: A Java desktop arcade game similar to Bloons Tower Defense 5 but it will also include an assault stage. It is named Sword and Shield: Battle Game.
- Regular meeting hours: Monday: 18.30-20.30
- Creating GitHub repository: DONE

Action Items

- [Enes] Create a GitHub repository and invite others (teammates, the TA and the instructor) for collaboration. Create the required branch “unstable” with required directories (e.g. “doc”, “src”). Write a draft for initial project description in README.md
- [Said] Researching for tiles and assets that can be used.
- [Berkay] Working on unit names and their features.
- [Eren] Writing the weekly report and researching for the similar game concepts.
